Company Profile

1. Company Overview

Smart Rigging & Cranes (Pty) Ltd is a leading provider of general and specialized heavy-lift solutions for both private and commercial clients, with a strong focus on projects across Africa. Our expertise spans diverse industries, and we are currently engaged in a major project in Tanzania—demonstrating our ability to deliver safe, efficient, and cost-effective lifting services in complex environments.

Backed by a team of **Red Seal-certified riggers and crane operators**, we specialize in the precise placement of large panels, structural elements, and machinery. Every project is executed with strict adherence to safety, compliance, and operational excellence, ensuring delivery on time and within budget.

Our reputation is built on:

- **Safety-first operations** aligned with international standards.
- **Technical expertise** in heavy-lift and rigging solutions.
- **Efficiency and reliability** across challenging environments.
- **Commitment to client satisfaction** through tailored solutions and transparent communication.

Smart Rigging & Cranes (Pty) Ltd continues to expand its footprint across Africa, offering trusted heavy-lift services that empower clients to achieve their project goals with confidence.

2. Core Services

- 🔧 General and heavy lift rigging and crane operations.
- 🔧 Rigging Solutions, rigging studies and any rigging projects
- 🔧 We specialise in shutdowns and re-lines.
- 🔧 Mobile crane rentals with certified operators
